- DSA | Problem Solving

PERSONAL PROJECTS

My Portfolio (01/2024)

- This is my portfolio.
- I have provided my complete details here.
- I have posted all the projects I have made here.

Used Technologies : - HTML, CSS, JavaScript, React JS, etc.

GitHub :- <https://github.com/rajangel01/My-Portfolio>

See Live :- <https://rajkumarariaon.000webhostapp.com/MyPortfolio/>

My Weather App (12/2023)

- This is a weather application. I have created this project in web development. By using this app, we can find out the instant temperature, wind speed and humidity of any city.
- I have used an API to create this app. And it is working well for other countries also.

Used Technologies : - HTML, CSS, JavaScript, API.

GitHub :- <https://github.com/rajangel01/Weather-App-Using-HTML-CSS-And-JavaScript-API>

See Live :-

Library Management Project (11/2023)

- This is a library management project, which I created for my BCA final year project, but now this project is used to manage the college library.
- I have included almost all the functions related to college library in my project like a person can check the status of his friend, which book he has taken and which books are left in the library.

Used Technologies : - HTML, CSS, JavaScript, Node JS, MySQL, React JS, etc.
